

## BioOne trial for the Royal Entomological Society -30<sup>th</sup> Jan – 16<sup>th</sup> March 2012

BioOne, a 'not for profit organisation', provides an online database of 171 high-quality biological, ecological and environmental sciences journals from 129 not-for-profit publishers. 70% of the titles are ISI ranked and almost half of the current titles are exclusively on BioOne. Topics covered include:

Entomology	Forestry	Zoology	Veterinary Science
Parasitology	Ecology	Plant Science	Marine & Freshwater Bio
Environment	Geology	Biology	Limnology

We are very pleased to offer the members of the Royal Entomological Society the chance to trial the BioOne database free of charge from Monday 30<sup>th</sup> January – Friday 16<sup>th</sup> March 2012.

To get the most out of your research please go to [www.bioone.org](http://www.bioone.org) and discover BioOne!

### High-resolution Zoom Feature

1. Select a Figure in the **Article Components** tool, or within the article, to open the image and caption window.

2. Select the link, **High-Resolution Image**, that appears above the image.

3. The high-resolution image will open in a new window and your cursor will become a magnify glass.

4. Click on the area of the image you would like to zoom into, click again to zoom back out. You can also resize the window to enlarge the photo.
