

# PARTNERSHIP OPPORTUNITIES

## Infection, Immunity & Microbiome Special Interest Group (SIG)

Thursday 16<sup>th</sup> - Friday 17<sup>th</sup> April 2026

Milner Centre for Evolution, University of Bath

We are excited to invite exhibitors and sponsors to join us in supporting our Infection, Immunity & Microbiome Special Interest Group (SIG).

The event aims to attract 60+ delegates and will include a small exhibition, optional evening meal and two days of talks and posters. Further information can be found here:

[\*\*PARTNER WITH US!\*\*](#)

## ➤ ABOUT US

[The Royal Entomological Society \(RES\)](#) is a global charity devoted to the understanding and development of insect science. We support international collaboration, research and publication. We aim to show every person how remarkable and valuable insects are and want to enrich the world with insect science.

## ➤ OUR SIG

Insect immunity receives currently interest from a diversity of research perspectives such as molecular biology, biochemistry, physiology and medical entomology to ecology, evolution and behaviour. This multitude of different approaches promises a wealth of insight, however, the different disciplines collaborate too rarely. Interdisciplinary research and crosstalk will facilitate even more insight into the question in which we are all interested: how insects interact with their pathogens, parasites and microbiomes.

Facilitating and fostering such interdisciplinary exchange is the aim of this special interest group which was launched in Edinburgh in July 2007

## ➤ EXHIBITION SPACE

**£400 STANDARD / £300 CHARITIES & NOT-FOR-PROFIT**
